

# Rustic Watering Can Stand-up Puzzle

Design By  
A. Baggetta  
(c)2011

Permission granted to use as you please  
but please give credit when posting.

Notes: Cut from 1/2" poplar. I suggest you  
cut out the water droplets first and then  
work around the interior and exterior cuts.  
You can stand the puzzle up at an angle as  
shown or upright using the bottom of the can  
as a base.
